

Please reject the NAB's petititon 04-160 on dictating what I can and can't listen to on XM radio. I pay for a service and use it for my personal and business traveling purposes. I use the Houston and Dallas Ft. Worth news stations when I'm travelling there. I pay for this service and expect to keep it throughout the duration of my contract. Please reject their petition.

Respectfully,

Mark B. McGahey
